

Abstract Submission Guideline

Input all required information including the names, roles, email addresses, affiliations, and countries of all authors after the title.

Write down your presentation type.

- Choose one of the abstract categories under the conference theme:

Abstract Format: All abstracts must be written in English with the following format:

- Title of paper (First Letter of Each Main Word Capitalized)
- Content should be one paragraph between 200-300 words. It should include: Purpose/Objective of the study, Methods (Participants, Instrumentation, and Procedures), Results, and Conclusion.
- Abstract should not contain abbreviations and/or references.
- Keywords should be between 4-5 words and should be clearly stated in italic at the bottom of the abstract.
- Figures and tables cannot be included.
- It is assumed that the authors will submit novel scientific materials for the presentation. Previously published or presented materials will be rejected.
